CHRIL Project Objective

- To provide disability stakeholders with accurate, current and actionable information on how recent changes in health policy directly or indirectly impact the community living and participation of working-age adults with disabilities.

CHRIL Research Activities

1. Documenting the experiences of working-age adults with disabilities in obtaining and maintaining health insurance, and identifying the impact of insurance on their access, health and function through phone interviews, internet surveys, and analysis of the Urban Institute's Health Reform Monitoring Survey (HRMS).
2. Assessing the health insurance information, training and technical assistance needs of Centers for Independent Living (CILs) and other disability stakeholders through internet surveys, phone interviews of CIL directors, and town hall meetings at national independent living conferences.
3. Analyzing post-reform insurance coverage trends among working-age adults with disabilities using the National Health Interview Survey (NHIS).

CHRIL Research Activities, cont'd.

4. Identifying gaps in coverage and potential areas of undue cost burden for people with disabilities by analyzing health care expenditures, including premium costs, deductibles and co-pays using the Medical Expenditure Panel Survey (MEPS).
5. Assessing the impact of the ACA on disability program enrollment and workforce participation by testing how the Medicaid expansion influences SSI activity using the American Community Survey (ACS).

CHRIL Knowledge Translation Activities

1. Presenting research findings at 10-15 professional and scientific meetings, including the annual meetings of AcademyHealth, National Council on Independent Living, Association on Programs for Rural Independent Living, and the National Association of Rehabilitation Research and Training Centers.
2. Submitting at least 10 manuscripts for scientific and professional journals and preparing and updating at least 5 fact sheets and 2 chartbooks for program administrators and disability advocates.

CHRIL Knowledge Translation Activities, cont'd.

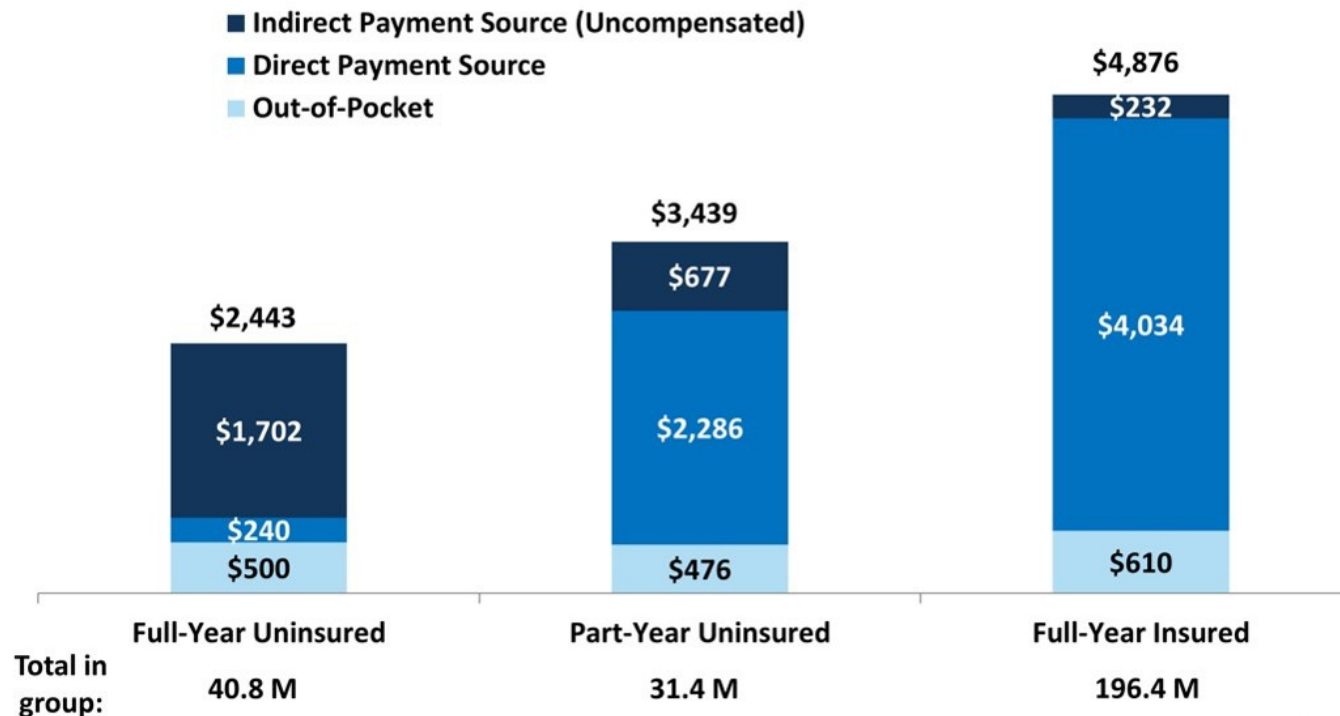

3. Offering 2 health reform webinars per year; and creating at least 3 self-paced tutorials on various aspects of health care policy, organization and financing.
4. Training 2-3 graduate research assistants per year and establishing a summer internship program for 2-3 undergraduates with disabilities per year at ILRU in Houston.
5. Developing and maintaining the CHRIL website (www.chril.org), with access to all publications and presentations in accessible formats.

Affordable Care Act–Disability Law Timeline

- The Rehabilitation Act §504 – 1973
- Individuals with Disabilities Education Act (IDEA) – 1975
- Voting Accessibility for the Elderly and Handicapped Act – 1984
- Air Carrier Access Act – 1986
- Fair Housing Act (FHA) is amended – 1988
- Americans with Disabilities Act (ADA) – 1990

Affordable Care Act–The Uninsured Problem

Figure 1
Per Capita Medical Spending Among the Nonelderly, by Insurance Status and Source of Payment, 2013

NOTES: "Direct payment source" among the full-year uninsured includes "other public" payments, which are Medicaid payments. These payments may be retroactive or emergency payments provided by Medicaid.
 SOUCRE: Urban Institute estimates based on 2008-2010 Medical Expenditure Panel Survey.

Affordable Care Act–Key Provisions

- Set up the Health Insurance Marketplaces & Provides for Premium Tax Credits
- Provide for “Guaranteed Issue”
- Individual Mandate – everyone is required to have coverage or face a tax penalty

Affordable Care Act– What It Means for People with Disabilities

- No Denial of Coverage for Pre-Existing Conditions
- No Cancellation of Coverage due to Serious Medical Conditions
- No Setting Premiums Based on Disability or Chronic Conditions

Affordable Care Act– What It Means for People with Disabilities, cont'd.

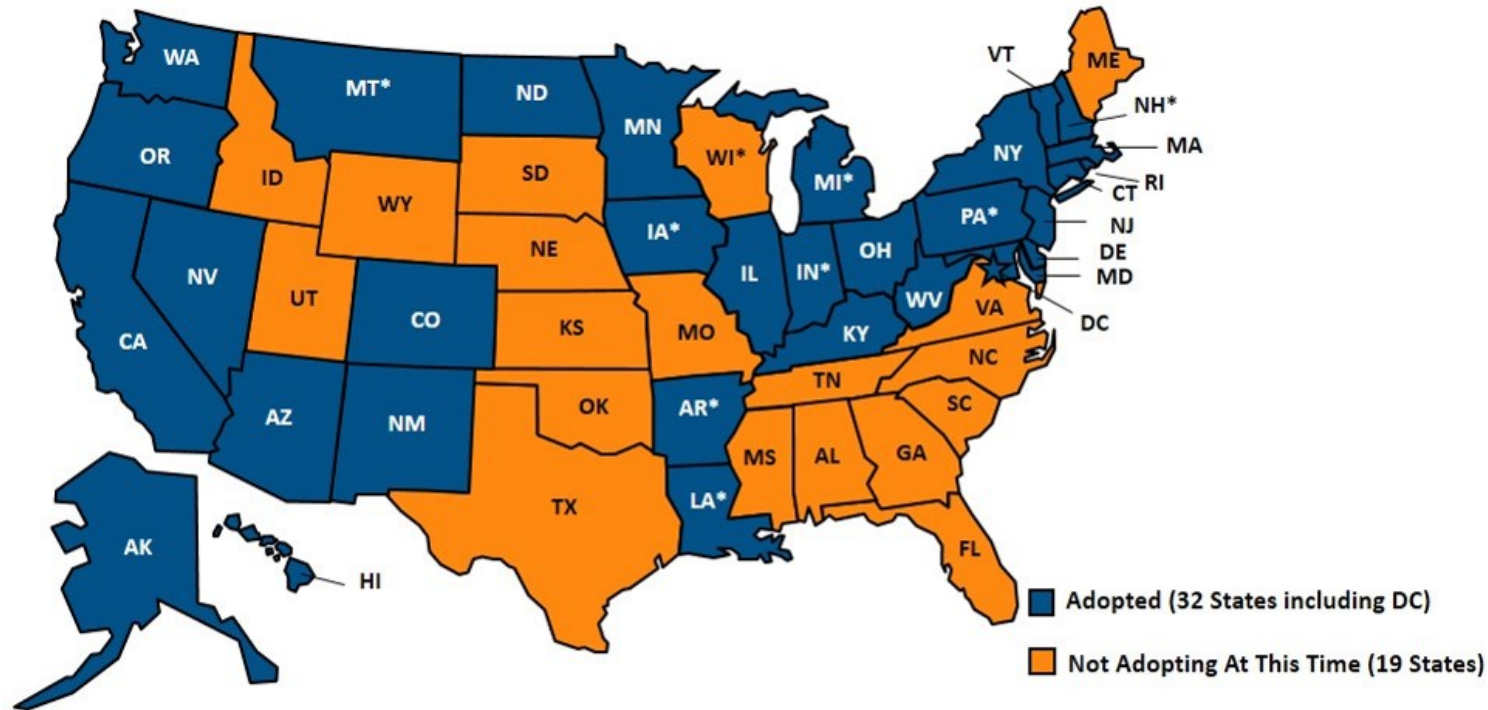

- No Lifetime Monetary Caps
- 10 Essential Health Benefits required in every Qualified Health Plan (QHP)
- Medicaid Reforms:
 - Expanded Money Follows the Person (MFP)
 - Created Balancing Incentive Program (BIP)
 - Created Alternative Benefit Plan (ABP)

Affordable Care Act–Section 1557

“ [A]n individual shall not, on the ground prohibited under ... section 794 of title 29, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under, any health program or activity, any part of which is receiving Federal financial assistance, including credits, subsidies, or contracts of insurance, or under any program or activity that is administered by an Executive Agency or any entity established under this title.”

Affordable Care Act–Medicaid Expansion

Current Status of State Medicaid Expansion Decisions

NOTES: Current status for each state is based on KCMU tracking and analysis of state executive activity. *AR, IA, IN, MI, MT, NH and PA have approved Section 1115 waivers. Coverage under the PA waiver went into effect 1/1/15, but it has transitioned coverage to a state plan amendment. Coverage under the MT waiver went into effect 1/1/2016. LA’s Governor Edwards signed an Executive Order to adopt the Medicaid expansion on 1/12/2016, but coverage under the expansion is not yet in effect. WI covers adults up to 100% FPL in Medicaid, but did not adopt the ACA expansion. See source for more information on the states listed as “adoption under discussion.”
