

# CIL PPR (formerly 704 Part II Annual Performance Report) Redesign Instructions and Feedback Template

(All comments due by March 3<sup>rd</sup>, 2017. Email to [CILPPRcomments@acl.hhs.gov](mailto:CILPPRcomments@acl.hhs.gov))

The Administration for Community Living (ACL) would like your input as we redesign the Centers for Independent Living Program Performance Report (formerly the 704 Part II Annual Performance Report). We are specifically interested in categorical topics the CIL would like to include in the achievements section of the redesigned CIL PPR. The template will help ACL to organize your comments as we try to incorporate them in the redesign.

**Please Note:** The Office of Management and Budget Federal Register Notice will allow for formal comments at a later date.

## Responders Information

Name: [Click here to enter text.](#)

CIL: [Click here to enter text.](#)

In our current redesign of the report we are capturing achievements in the following areas in terms of goals set, goals achieved, and goals in progress in the following significant life areas:

- |   |   |
|---|---|
| <ul style="list-style-type: none"> <li>• Self-Advocacy/Self-Empowerment</li> <li>• Communication</li> <li>• Mobility/Transportation</li> <li>• Community-Based Living</li> <li>• Educational</li> <li>• Vocational</li> </ul> | <ul style="list-style-type: none"> <li>• Self-care</li> <li>• Information Access/Technology</li> <li>• Personal Resource Management</li> <li>• Community/Social Participation</li> <li>• Other</li> </ul> |
|---|---|

In addition to this information we would like to capture any additional CIL achievements not listed above. To that end we would like CIL input on different achievement areas.

**Instructions:** Complete the table below.

List the topic you would like to include?	Does your center have goals related to this topic? (yes or no)	Reference or rationale for your recommendation (e.g., source for your <i>recommended definition</i> )

Please list any additional comments or concerns below.
